HONEST FOOD, BEAUTIFULLY MADE.

Our kitchen is inspired by the seasons, bringing together the best local produce, trusted suppliers and generous, comforting dishes that honour the tradition of great British pub dining.

The menu celebrates contemporary British food with a strong focus on artisan producers and ingredients at their very best. From hearty, familiar favourites to lighter, more refined plates, every dish is created with care, warmth and a respect for quality.

Our menus will evolve with the seasons and the availability of fresh produce, allowing Andy and his chefs to make the most of what is local, abundant and at its peak.
